🔧 Frontend Developer | React.js | JavaScript | Data Visualization (Power BI) | BCA Student

Summary

A detail-oriented **Bachelor of Computer Applications (BCA)** student with hands-on experience in **frontend development** and **data visualization**. Proficient in creating responsive web applications using React.js, JavaScript, HTML, CSS, and Tailwind CSS, as well as analyzing structured data using Excel and Power BI to generate actionable insights. Possessing the ability to build intuitive user interfaces, optimize application performance, and transform raw data into meaningful insights through academic and internship experiences. Seeking **entry-level or internship** opportunities to contribute to data-driven web applications and innovative technology solutions.

Skills

Languages & Libraries: React.js, JavaScript, HTML, CSS, Python, Tailwind CSS, Node.js, Express.js

Data Analysis & Reporting Tools: MS Excel (Pivot Tables, VLOOKUP, IF, Data Cleaning, Basic Reporting), MS Office

Tools: Git, GitHub

Soft Skills: Problem-Solving, Adaptability, Communication, Teamwork, Analytical Thinking

Work History

UptoSkills	June 2025 – Sept 2025
Frontend Development Intern	Remote
- Developed 12+ responsive UI components using React, Tailwind CSS, HTML, CSS, and JavaScript - Improved page load performance by ~20%, fixing 15+ UI issues through optimization and testing - Collaborated with 5+ developers using Git/GitHub; delivered 100% tasks on time across sprints	

Personal Project

Student–Teacher Dashboard (EduSphere)

- Designed a **dual-role dashboard** with modules for **attendance, assignments, results, and placement management**.
- Implemented **6+ CRUD operations** using **JavaScript and LocalStorage** to manage academic and placement data.
- Developed **12+ reusable responsive UI components** using **React.js and Tailwind CSS** to improve usability and interface consistency.

HR Analytics Dashboard | Power BI

- Analyzed **1,400+ employee records** using MS Excel to generate structured MIS reports.
- Applied **Pivot Tables, IF, and VLOOKUP** to track **attrition (16%) and department-wise performance trends**.
- Improved reporting efficiency by **30%** through data cleaning, validation, and summary automation.

Education

Management Education and research Institute (MERI) GGSIPU University	Sep 2023 – July 2026
Bachelor of Computer Application (BCA)	New Delhi, India

Training and Coursework

- Python
- Advanced Excel
- Data Analysis and MIS Reporting using Excel

Achievements

- Intern of the Month – UptoSkills**
Awarded for consistent performance, meeting 100% of deadlines, delivering high-quality UI components during the internship, and coordinating tasks as a team leader within a team of 10+ members.
